APRIL 12, 2011.—Referred to the House Calendar and ordered to be printed

Mr. DREIER, from the Committee on Rules,  
submitted the following

## REPORT

[To accompany H. Res. 218]

The Committee on Rules, having had under consideration House Resolution 218, by a record vote of 8 to 3, report the same to the House with the recommendation that the resolution be adopted.

## SUMMARY OF PROVISIONS OF THE RESOLUTION

The resolution provides for consideration of H.R. 1473, the Department of Defense and Full-Year Continuing Appropriations Act, 2011, under a closed rule. The resolution provides one hour of debate equally divided and controlled by the chair and ranking minority member of the Committee on Appropriations. The resolution waives all points of order against consideration of the bill. The resolution provides that the bill shall be considered as read. The resolution waives all points of order against provisions in the bill. The resolution provides one motion to recommit the bill.

The resolution further provides that if the bill is passed, it shall be in order to separately consider H. Con. Res. 35, directing the Clerk of the House of Representatives to make a correction in the enrollment of H.R. 1473 and H. Con. Res. 36, directing the Clerk of the House of Representatives to make a correction in the enrollment of H.R. 1473, each under a closed rule. The resolution provides twenty minutes of debate on each concurrent resolution, to be equally divided and controlled by the chair and ranking minority member of the Committee on Appropriations. The resolution waives

all points of order against consideration of each concurrent resolution and provides that each concurrent resolution shall be considered as read.

Finally, the rule provides that if the House receives a message from the Senate transmitting its passage of H.R. 1473 without amendment, then the Clerk shall not certify an enrollment of the bill until notified by the Speaker or by message from the Senate that the Senate has taken the question on adoption of H. Con. Res. 35 and H. Con. Res. 36, if previously adopted by the House.

#### EXPLANATION OF WAIVERS

The waiver of all points of order against consideration of the bill includes a waiver of section 302(f) of the Congressional Budget Act, prohibiting consideration of a measure which causes the applicable allocation of new budget authority under subsections 302(a) or (b) to be exceeded. Although the bill is in compliance with the Committee on Appropriations' overall 302(a) allocation, the bill contains provisions which cause the Committee on Appropriations to be in breach of some of their 302(b) suballocations.

The Committee does not expect that the waiver of all points of order against consideration will encompass a waiver of clause 11 of rule XXI (prohibiting the consideration of an unreported measure until the third calendar day on which it has been available), as the bill is currently scheduled to be considered on the third day on which it was made available or thereafter.

Although the rule waives all points of order against provisions in the bill, the Committee is not aware of any points of order against provisions in the bill. The waiver of all points of order against the provisions in the bill is prophylactic in nature.

Although the rule waives all points of order against consideration of each concurrent resolution, the Committee is not aware of any points of order against consideration of either concurrent resolution. The waiver of all points of order against consideration of each resolution is prophylactic in nature.
